6. Engine
Index

INDEX TO VOL. XLI

JANUARY TO JUNE, 1942

A

Accident to civil aircraft near Kungming, 294
Accidents caused by carbon-monoxide poisoning, 418
—— Civil and military, 294
Acetylene as a propellant, 516
Aerial soundings, Unusual method of obtaining, 475
A.F.C. awards, 33, 385, 649
—— (bar) awards, 33, 385, 649
A.F.M. awards, 33, 649
African Air Services, Article on, 530
Ahead of their time, Articles entitled, 228, 286, 344a, 476, 609
Air and Army parachute and glider display, 339
Aircraft built in America, Article and photograph of plywood, 590
—— carried by air in Italy, 28d
—— carrier, Cleaning guns on an, 171
—— carriers, Article on America's decision to build, 646
—— characteristics, First of new series, giving chief,
Wellington and Hampden, 588a
Kittyhawk and Whirlwind, 614a
Airacobra and Martlet, 640a
—— construction, Modern problems in fighter, 380
—— control panels, Article suggesting there are too many instruments on ours, 29
—— and engine design, E. Warner on British and American, 110
" Aircraft Engineer ":
" Aircraft Sections," E. W. Thomas, 34
" Superchargers," W. v. d. Null and H. Pfau, 52
" Superchargers," W. v. d. Null and H. Pfau, 70h
" Features of Lubrication," 182
" Flying Boat Project," 594
Aircraft engineer, Article on the Future of the, 542
—— Letter on the future of the, P. C. Wallen, 623
Aircraft engines, Centrifugal oil cleaner for, 484
Aircraft from each factory, America plans one type of, 352
—— "Indicator" on exterior details of, 587
—— for invasion, Letter suggesting increased manufacture of fighter, R. J. Brookes, 623
—— Letter regarding critical speeds of, Rex Dainty, 381
—— machine gun and aircraft cannon, Details of, 593
—— mostly British, National analysis of, 370
—— Need for section of " attack," 127
—— Outlook on size and weight of our, 575
—— output, United Nations total monthly, 588
—— problems, Letter regarding topical, W. Jaworski, 435
" Aircraft Production," Contents of March issue of, 204
Aircraft production, Parliamentary question regarding co-operation in, 486
—— Proposal for development of a towing, 320
—— recognition, Article and sketches on, 562
—— repair, Article by G. H. G. Garbett on, 50e
—— sections, E. W. Thomas on, 34
—— of 1910, Ingenious devices used on, 228
—— types and their characteristics, First of new series entitled, 588a
Wellington and Hampden, 588a
Kittyhawk and Whirlwind, 614a
Airacobra and Martlet, 640a
Air crew, Two pages of pictures showing one day in the life of an, 114b
Air crews, Suggestoion of commissions for, 629
—— trained in Canada arrive by air (illus.), 631
Air Estimates, 230
Airfields, Question in Parliament regarding the defence of, 379
—— Special R.A.F. Regiment formed for the defence of, 43, 56
Air France, Present equipment of, 311
—— and Vichy Government, New agreement between, 288
Air lines in Italy now operating, 288
—— lines, Pooling of several Continental, 371
—— mail facilities for German troops on Russian front, 589
—— mail postage rates to Gibraltar, 500
—— mail postcards, Start of, 297
—— mail services to Pacific suspended, 15
—— Minister's New Year greeting to R.A.F., 33
—— Minister's speech on the war up to date, 230
—— Minister's speech at Glasgow Youth Rally, 643
—— Ministry, Neutral of 20 writes to the, 459
Airport expenditure in Eire, Current, 500
Airports ready to handle traffic, New Canadian, 113
—— and seaplane bases in America, Number of, 26
Air-raid siren in Japan, 114d
Airscrew, Aerodynamics of the lifting, 320
—— blade after annealing (illus.), 406
—— blade materials, Letter regarding (K. B. Gillmore), 79
—— and camera shutter speeds, Letters regarding (Sqn. Ldr. R.A.F.M.S. and D. H. Smith), 58; (R. H. Warring), 79; (J. Rooke), 142; (W. Clegg), 164
—— " Indicator " on the constant-speed, 208
—— in motion, Letter regarding (C. Rupert Moore), 38
—— pitch change, Letter on " Indicators " statement regarding (C.D.D.), 296
—— terminology, Letter regarding (R. C. Molloy), 79
—— tip interference, 210
Airscrews in use in 1910, Contra-rotating, 228
—— Experiments with multi-bladed, 184
Air/Sea Rescue, Two pages of pictures showing, 560a
Airsickness, Special lozenges for relief of, 15
Airspeed Ferry (illus.), 253
—— Oxford (ground), 621
Air Training Charts, 406
—— Training Conference, United Kingdom, 423
—— Training Corps, Air Minister's birthday greetings to the, 163
—— Training Corps boxing contests, 588
—— Training Corps cadets for Civil Defence cyclist duties, 459
—— Training Corps, New Director for, 143
—— Training Corps grants, 458
—— Training Corps, Physical training for the, 481
—— Training Corps, Present figures for, 322, 634
—— Training Corps, Question in Parliament regarding grants for the, 592
—— Training Corps at Redruth call for books, 164
—— Training Corps, Request for increased flying facilities for the, 486
—— Training Corps squadrons, Letter regarding previous letter on (G. A. Chamberlain), 18
—— Training Corps at Stamford, Regular attendance of cadets of, 597
—— Training Corps, Wing Cdr. J. A. C. Wright's message to the, 526
—— Transport Auxiliary Benevolent Fund, Formation of, 614
—— Transport Auxiliary crash, Women officers killed in, 294
—— Transport Auxiliary station, Article after visit to, 617
—— weapons, F. A. de V. Robertson on, 345
Aitchen, R., painting of Me 109 on tail of Bristol Beaufighter, 47
Aldis lamp signal at night (illus.), 529
Alexandria, Bombing of, 443
Alfa Romeo 135R332 engine, Photograph and figures for, 206
Algeria, Fleet Air Arm prisoners in, 192
Algeria, Group of R.A.F. personnel interned in, 245
Allies decorated, 491
Allison 12-cylinder V-type engine, Description, photographs, M.M. drawing of the, 281
—— engine in Mustang (illus.), 358
—— V.3420 and V.1710-C.15 engines (illus.), 448
Altitude research, H. W. Perry on high, 641
Aluminium and bauxite being produced in France for Germany, 258
—— and light alloys, Question whether supply is satisfactory of, 486
—— output in Italy, 174
—— refining plant in Italy, Construction of new, 508
Ambler, Group Capt. G. H., New appointment of, 624
America, Article on plywood aircraft built in, 590
—— and Britain, Letter suggesting American journals hamper collaboration between, W. J. Lord, 164; A. Andrews, 181
—— building Merlin engines, 89
—— Percentage of R.A.F. air cadets training in, 57
—— plans one type of aircraft from each factory, 352
—— R.A.F. in (illus.), 384
—— Rolls-Royce Merlins being built in, 500
—— may join Training Plan, 238
—— to enlist women ferry pilots, 344
American A.A. gunners' tin hats (illus.), 469
—— air chiefs arrive in England, 549
—— aircraft in this country, Visit to maintenance depot for, 305
—— aircraft in service with R.A.F., G. G. Smith on, 501
—— aircraft, Letter regarding press exaggeration of, E. N. B. Bentley, 260
—— aircraft output since attack on Pearl Harbour, 634
—— aircraft production order in wartime, 44
—— Air Force insignia, Article on and sketches of the, 340
—— and British aircraft and engine design, E. Warner on, 110
—— and British air crews in Iceland, 178
—— Airlines in 1941, Number of passengers carried by, 197
—— air lines adopt constant B.M.E.P. operation, Article on, 156
—— airships, New contract for, 460
—— Army Air Corps, Strength of the, 163
—— device for aiding human vision, Article and sketches on, 70f
—— D.F.C. awarded to Brig. Gen. R. Royce, 390
—— Fleet in action, 109
—— Fleet believed to be operating in Pacific, 25
—— girls in industry, 526
—— gliders, Details of, 453
—— jet propelled aircraft, Article on, 422
—— journals compare our bomb loads, speeds and altitude, 105
—— losses at sea, Langley, 363; Lexington, 607
—— naval air cadets learning Coastal Command control, 349
—— Navy blimp, Crew lined up to handle (illus.), 626
—— output during October, 92
—— paratroops practice leaving D.C.2s, 36
—— standard of examination too high for R.A.F. cadets, 344
America's " Interceptor Command " (illus.), 77
Amiot, 370; (illus.), 311
Amulree, Lord, Death of, 475
Andaman Islands, American bomber sinks Japanese cruiser off the, 363
—— Japanese occupy, 314
Anti-aircraft fire control, Verograph, 531
Anti-tank armament, 531
—— weapons, Outlook on need for, 169

Antoinette monoplane, Description and photographs of the, 476
Arado Ar-95, Figures for the, 586
—— Ar-95, Head-on ground view of the, 232
—— Ar-199, Photograph and description of the, 446
Argus, H.M.S., Awards to members of crew of, 329, 491
Armament, Anti-tank, 531
—— of British and German fighters, Comparison between, 593
—— Letter regarding our bomber (A. S. Robertson, 207, (B. T. Howard) 328, (R. H. Manley) 352, (E. J. G., Tipperary) 381
Armour of aircraft, Details of, 593
—— of our present tanks, 210
Armstrong Whitworth Atalanta (illus), 154*e*
—— Ensign (illus.), 154*f*
—— Whitley with covered nose operating in Africa (illus.), 614
—— Whitley (illus.), 102
—— Whitley showing three dozen raid markings (illus.), 391
Army Air Corps, Formation of, 303
Army aircraft in Libya, Outlook on, 359
—— and Air Force, Air Minister on co-operation between, 250
—— and Air Force, Speeches in Parliament on co-operation between the, 219
—— air mail, Question in Parliament regarding the delivery of, 379
—— Air needs of the, 189
—— pilot's badge (illus.), 445
—— square pegs, Letter regarding, (Ron) 296 (" Private ") 354, (" Squaddie ") 408, (" 1516246 ") 461, (1516515) 544
—— to have its own air arm, F. A. de V. Robertson on the, 175
Arnold, Lt.-Gen. H. H., Arrival in England of, 549
Arpin monoplane (illus.), 251
Articles taken from *Flight* by foreign journals, 475
A.R.R.C. awards, 33, 649
Assembly units for American aircraft in this country, G. G. Smith on, 502
Association of Scientific Workers' annual Council meeting, 418
Astronomical research, Letter regarding, (K. W. Gartand) 328, (G. Burgess) 354
Asymmetrical aircraft, Drawings of various, 517
—— aircraft first thought of in 1929, Article on, 114*h*
—— aircraft, Outlook on various *Flight* articles on, 468
Atlantic crash, Survivors of, 180
—— Services, Eire and trans-, 560
" Attack " aircraft, Need for section of, 127
Auchinleck, Gen., with Gen. Chakmak, 552
Augsburg, Avro Lancasters' daylight raid on, 388, 391
—— raid, Group photograph and awards for the, 462, 624
Austria, Labour discipline in, 478
Austrian car firm producing for Germany, 174
Automatic pilot device, Patent extended for the, 582
Automotive Industries, Change in name of, 370
Auxiliary Air Force symbol, Wearing of the, 458
Avia, 35 (illus.), 55
Aviation, Article by " Planthair " on the future of civil, 324, 338, 374
Avro Lancasters to be built in Canada, 33
—— Manchester, Bomb bay of the (illus.), 634
—— Manchester, Description, g.a. drawing and photographs of the, 555
—— Manchester (flying), 8*g*
—— Manchester fuselage, Damage done to (illus.), 335
—— monoplane of 1912, Description, general arrangement drawing and photographs of the, 609
—— triplane (illus.), 249

B

Back, Group Captain carries on with broken, 15
Balfour, Capt. H., on post-war civil flying, 75
Balloon barrage instruction (illus.), 81
—— crews' exhibition of art, 560
—— crews packing kit bags (illus.), 523
—— used from ships (illus.), 167
—— carried by convoys (illus.), 247
—— made from transparent foils, The *Luftwaffe* use, 136
Barrage balloon, American (illus.), 3
Barrel engines, Correspondent requires explanation of (C. M. Rowland), 18
—— engines, Letter regarding (A Jig and Tool Draughtsman), 79
Bart, awards, 31
Bath, Severe German raid on, 417, 442
Bauxite, Italian efforts to expand production of, 508
—— resources of Norway used for Germany, 136
B.B.C. air raid news, Question in Parliament regarding, 536
Beetles travel by air to banana crops, 352
Behind the lines, 114*d*, 136, 160, 174, 206, 232, 258, 288, 350, 371, 446, 478, 508, 532, 554, 589, 615, 644
Belfast, Parliamentary debate on Sunday entertainment in, 458
Belgian pilot leads R.A.F. squadron, 622
—— standard presented to Belgian squadron of fighter command, 148, 161
Bell Airacobra on airfield in Iceland, 545
—— Airacobra, American pilots running to their, 185
—— Airacobra being landed at Australian port, 445
—— Airacobra, Close-up of windscreen of the, 357
—— Airacobra, Details of armament in, 296, 333
—— Airacobra, Figures and chief characteristics of the, 640*a*
—— Airacobra (illus.), 250, 503
—— Airacuda (illus.), 253
B.E.M. (civil) awards, 32, 649
—— (Mil.) awards, 33, 108, 146, 356, 385, 625, 649
Benghazi captured by General Rommel, 108
Bennett, Act. Wing Cdr. D. C. T. (illus.), 634
—— Mr. F. I., Death of, 30
Berlin-Tokio, Chances of direct communications between, 543
Bernhardt, Prince, with Sir Sholto Douglas, 185
Berwick, Article after W. Churchill's Atlantic flight in Boeing's, 112
Billeting allowances, 379
Bir Hakeim, British evacuation of, 633
—— Hakeim, Heavy fighting in, 606
Blackburn Pellet (illus.), 251
—— Skua (illus.), 425
" Blacking out," F. C. Sheffield on the effects of, 132*g*
Blackouts, Paragraph on factory, 614
Blades, G. G. Smith on wooden and metal, 505
Blind men on aircraft work, 257
Bloch 161, Brief details of the new, 589
Blohm and Voss B.V.222, Brief details of the, 644
—— Ha 137 (illus.), 425
—— Ha 138 (illus.), 49, 253
—— 141, Drawing of the asymmetrical, 496
—— Nordwind, Range of the, 543
B.M.E.P., American adoption of, 156
B.M.W. 801 engine (illus.), 635
—— Germany beginning to use, 276
Boeing 247-D research machine, 482
—— 314A, Article after W. Churchill's Atlantic flight in, 111
—— Aircraft Co. hand over production details to Consolidated Aircraft Co., 475
—— altitude research laboratory, H. W. Perry on, 641
—— Berwick, Article on W. Churchill's Atlantic flight in, 112
—— Flying Fortress I and II (illus.), 505, 506
—— Flying Fortress, Bombing by (illus.), 336
—— Flying Fortress, Bomb load of the, 504
—— Flying Fortress production doubled, 590
Bofors gun in use by Dutch East Indies (illus.), 223
—— gun, Loading a (illus.), 384
—— gun of Northern Ireland A.A. battery (illus.), 337
Boggis, F/O. P. J. (illus.), 83
Bomb dump (illus.), 627
Bomber armament, Letter on our (A. S. Robertson) 207, (H. T. Howard) 328, (R. H. Manley) 352, (E. J. G., Tipperary) 381, (G. S. Henderson) 489
—— Command, New C.-in-C. for, 180
—— and Fighter Commands' raids during April, 445
—— Sketch showing suggested prone position of pilot in fighter/dive-, 132*g*
Bombers, Article on England's four-engined, 154*c*
—— F. C. Sheffield on dive, 425
Bombing, Air Minister on some of the results of our, 231
—— policy, Sir Stafford Cripps on our, 189
—— policy, Letter regarding our (R. J. B.) 295, (R. J. Brookes) 461, (J. Levy) 544
—— policy, Outlook on British, 467
Bomb loads, speeds and altitudes discussed in American journals, 165
—— train of Hawker Hurricane under trees (illus.), 519
—— train pulled by tank in Germany (illus.), 589
Bombs, Details of exhibitions showing our latest, 614
—— Wellingtons drop special anti-submarine, 445
Book Reviews:
" Bombers," C. C. Grey, 92*c*
" How an Aeroplane Flies," C. G. Grey, 92*c*

Books for airmen, Provision of, 321, 418
Boost and pitch, Letter regarding " Indicator's" article on, W. P. H., 382
Boulton and Paul appoint new Chairman, 261
Boulton Paul Defiant, Description and general arrangement drawing of, 132
—— Paul Defiant with instructors (illus.), 410
—— Paul Defiants, Formation of, 128
Bowman, Wing Cdr. with Sqn. Ldr. J. D. Nettleton, 416
Brabazon's Lord, suggestion for post-war international air police, Letter regarding, Ad Astra, 623
—— Lord, to give Wilbur Wright Memorial Lecture, 418, 565
Brains Trust, G. Brewer challenges reply made by, 651
Brake mean effective pressure, Article on American adoption of, 156
Bramo Fafnir equipped with fuel injection, 174
Brazil, Wright Whirlwind engine to be built in, 460
Breguet Aircraft Works at Toulouse building jet propulsion machines, 422
—— Company buy interest in large commercial aircraft firm, 644
Brest, Awards for daylight raid on, 80
—— Lights showing out to sea when R.A.F. raided, 179
—— Stirlings, Halifaxes and Manchesters attack harbour at (illustration and story), 4
Brewer, G., challenges reply by Commander Campbell of Brains Trust, 651
Brewster Bermuda-Buccaneer, Description and photograph of the, 622
—— Bermuda (illus.), 426
—— Buffalo (illus.), 503
—— Buffalo pilot dodges Japanese naval aircraft, 4
—— Buffalo in use in Dutch East Indies (illus.), 223
—— SB2A-1 Buccaneer, Description and photograph of the, 622
Briefing room of Boston squadron (illus.), 602
Bristol Beaufighter (flying), 8*e*
—— Beaufighter followed by Me 109, R. Aitchen painting showing, 47
—— Beaufighter, G.A. of new Merlin-engined, 198
—— Beaufighter, Inside Merlin-engined (illus.), 216
—— Beaufighter, Loading ammunition drums into a (illus.), 417
—— Beaufighter with Merlin engine seen through trees, 191
—— Beaufighters refuelling and rearming in Libya (illus.), 3
Bristol Beaufort before taking off to torpedo *Prince Eugen* (illus.), 522
—— Beaufort diving, 348
—— Beaufort dropping torpedo (illus.), 64
—— Beaufort, Figures for the, 585
—— Beaufort, Loading torpedo into a, 584
—— Beaufort, Shot-away wing of, 4
—— Beauforts, Formation of, 107, 583
—— Blenheim, Bombing up a, 439
—— Blenheim dropping bombs (illus.), 347
—— Blenheim (short-nosed), (ground), 621
—— Blenheim's flight over Norway to instructions of Norwegian officer, 15
—— Blenheim (short-nosed), (illus.), 513
—— Blenheim over desert, View seen by second pilot of, 192
—— Bombay (illus.), 513
—— boxkite triplane (illus.), 249

Bristol Hercules, Exploded view of the two-speed drive in the, 202
—— Hercules (illus.), 94, 447
—— Hercules two-speed drive, Sketch of the, 202
—— Pullman and Braemar, Photographs and short descriptions of the, 200
—— racer aircraft, Description and photographs of, 286
—— sleeve-valve and poppet valve engine parts (illus.), 14
Britain and America, Letter suggesting American journals hamper co-operation between, W. J. Lord, 164
British air offensive, Outlook on the, 467
—— and American aircraft and engine design, E. Warner on, 110
—— Interplanatory Society, Article on rocket flight by Secretary of the, 132b
—— Interplanetory Society, Wartime activities of the, 328
—— Overseas Airways Corporation's Boeing 314A, Article after Winston Churchill's flight in, 111
—— Overseas Airways employing increasing number of women (illus.), 297
—— Overseas Airways hold up flying boat containing sick passengers, 648
—— Overseas Airways pilots flying hours exceeding regulations, 648
—— Overseas Airways remunerations during 1941, 536
—— Overseas Airways Corporation, Traffic figures of, 370
—— Paramount News visit maintenance unit, 92b
—— slackening of raids over Germany, German reasons for, 174
—— Standards Institution, New spline and serration specifications by, 459
Broadcast of Canadian pilots while in action, 647
Broadhurst, Group Capt. H., Portrait of, 564
—— Act. Group Capt. H., receives bar to D.S.O., 19
Brooke, J. M., New appointment of, 560
Brooke-Popham, Air Chief Marshal Sir R., relieved of Far Eastern Command, 5
Bruneval raid, Awards for the, 571
Brush Electrical Engineering Co., Ltd., Changes in board of, 233
Buchanan, Wing Cdr. J. K. (illus.), 410
Bücker Bestmann, Cut-away photograph and description of the, 446
—— Bestmann, Figures for, 55
"Buried" engine details, 559
Burma, Heavy fighting in, 173
—— and Malaya, Hawker Hurricanes sent to, 108
—— Terrific air battles over, 191
"By Tube all the Way," Saunders control, 16

C

Cable cutters on aircraft, Comparison between German and British, 27
—— cutters, Letter regarding comparison between German and British, B. J. Sherwood, 142
Camera being removed from Westland Lysander (illus.), 331
—— freezing, Paragraph on, 320
—— shutter and airscrew speeds, Letters regarding, Sqn. Ldr. R.A.F.M.S. and D. H. Smith, 58; R. H. Warring, 79; J. Rooke, 142; W. Clegg, 164
—— used by American air patrols (illus.), 84
Campbell, F/O. K., V.C. awarded to, 299
—— Sqn. Ldr. C. N. S. (illus.), 216
—— F/O. K., awarded V.C. for attack on Gneisenau at Brest, 247
Canada, Article on R.A.F. training in, 308
—— Conference on air training held in, 613
—— High altitude stratosphere chambers used for training in, 526
—— to build Avro Lancasters, 33
—— R.A.F. training in, 376
—— trained airmen, Large number of, 507
—— Two additional types of aircraft to be produced in, 500
—— United Nations Conference in (illus.), 576
Canada's aircraft production, Figures for, 406
Canadian air cadets to have their own flag, 560
—— aircraft factories, Number of employees in, 297
—— aircraft output, 180
—— Air Force has own newspaper in this country, 481
—— airports ready to handle traffic, New, 113
—— pilots heard over the air while attacking enemy, 647
Canadians to serve with R.A.F., 92
Canadian war production of aircraft, 26
Cannon turrets, Letter on the advantages of, B. T. Howard, 328
Cant 506B, Figures for the, 586
—— Z.506B (illus.), 253
